DETAILED ACTION

Allowable Subject Matter

Claims 14-22 and 40-49 are allowed.

The following is an examiner's statement of reasons for allowance:

The applicant's terminal disclaimer filed on January 7, 2008 has obviated the rejections of claims 14-22 and 40-49 on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims of copending Application No. 10/041,873, which has now issued on May 15, 2007 as US 7,217,389), as stated in the Office action dated September 13, 2007. There was no art rejection in the Office action. A further search for the references on record did not find any prior art, which anticipates or renders obvious the claimed subject matter of the instant application alone or in combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
